

WEEKLY REPORT

Student ID: 19DCS098	Student Name: Parth N Patel
From Date: 13 June 2022	To Date: 20 June 2022
Semester: 6	Internship ID: IM-01

Work done in last week (Attach supporting Documents):

1. Conducted further meetings with the clients.

- In the meeting, discussed about the upcoming and ongoing projects.
- Along with that, discussion with interns took place.

2. Weekly Project meetings with the interns

- Discussion took place regarding their weekly performance.
- Meeting also focused on finding solution to certain bugs and errors that the interns faced.

3. Completed week-1 of the online course named “SQL for Data science”

- The course is on Coursera.
- It is a series of 5 courses that I need to complete before beginning my project.
- The first week was regarding the basics of SQL and how it is used in data science projects.

NOTE: The completion certificate of the online course will be uploaded once I complete the 4-weeks of the course content.

4. Meeting with the upper management regarding my data science and analytics project.

Project Details:

- Create a classification model to predict the gender (male or female) based on different acoustic parameters

Progress Done:

- Gathered the relevant data for the data-set
- Finalized the machine learning algorithms to be used.
- Cleaned and re-structured the dataset.
- Submitted the sub-tasks to the manager for review.

Plans for next week:

1. Completion of Week-2,3 of the online course
2. Discussion of the final major project of my internship with the manager and selection of team with whom I will be working.
3. Weekly meetings with the interns for the progress in the projects.
4. Review meeting with my manager for my progress and scopes of improvement
