Project ID: PRJ2022DCS096

Project Title: Data Analytics – 2023-Pr-1-Team-003

WEEKLY REPORT

Work done in last week (Attach supporting Documents):

1. I pitched my first task and answered the questions asked during the pitch.
2. Weekly meeting with the team for the project of client – 010
3. Submitted the final report of data collection and sources and license details of the data.
4. Started data cleaning with the team.
5. Data analytics training and further deep dive in Tableau.

Reason for incomplete work:

1. The meeting with the client to discuss the progress of the project got postponed to next week because the client was not available for the meeting.

Plans for next week:

1. Creating the data cleaning report.
2. Weekly team meeting for the project
3. Training for the data analytics and Tableau

The final result drawn

My insights:

- From the data provided, there are 3 zones: central, east and west.
- Matthew from the central zone will get annual bonus.
- Susan from East zone will get annual bonus.
- James from West zone will get annual bonus.
- Thus, in total, 3 employees out of 11 are entitled to get annual bonus
